

# Chloe Dorst

c.dorst@mst.edu | 913.731.2872

## EDUCATION

### MISSOURI S&T

#### B.S. CHEMICAL ENGINEERING

GPA: 3.79 / 4.0 | May 2021

## COURSEWORK

Thermodynamics I & II  
Transport Phenomena  
Numerical Computing  
Material and Energy Balances  
Analytical Chemistry  
Organic Chemistry  
Differential Equations  
Linear Algebra  
Separations\*  
Process Design\*  
Reactor Design\*

(\*course to be taken Spring 2020)

## ACTIVITIES

### CHAMBER ORCHESTRA

Missouri S&T  
Principal Cellist

### SYMPHONY ORCHESTRA

Missouri S&T  
Principal Cellist

### MUSIC SELECTION COMMITTEE

MS&T Symphony Orchestra  
Member

### VOLUNTEER

First UMC Rolla  
Audio Visual and Children's Church

## EXPERIENCE

### CHEMICAL ENGINEERING INTERN

#### FIKE CORPORATION | COMBUSTION TESTING LABORATORY

January 2019 – August 2019 | Blue Springs, MO

- Created and implemented hazardous material handling procedures including a new Chemical Hygiene Plan
- Evaluated and improved lab Standard Procedure Instructions based on research in new combustion testing methods
- Developed lab quality documentation for ISO 17025 accreditation
- Collaborated with engineers and lab technicians to understand and resolve abnormalities in testing

### WRITING CENTER CONSULTANT

#### MISSOURI S&T | WRITING CENTER

August 2018 - present | Rolla, MO

- Reviewed student writing for accordance with writing conventions and document specific expectations
- Enhanced students' understanding of the writing process
- Refined personal writing and communication skills through work with students and fellow consultants

### COURSE GRADER

#### MISSOURI S&T | CE/ARCHE 2003

August 2019 - present | Rolla, MO

- Graded student writing for conformance to assignment expectations and basic writing conventions
- Communicated with course professor and teaching assistants to understand expectations for the course
- Established and maintained personal time table for grading and returning assignments

### CELLO INSTRUCTOR

August 2015 – December 2018 | Manhattan, KS & Rolla, MO

- Developed training plans for students across multiple years
- Coordinated lesson schedules with students' families and teaching facilities
- Personalized instruction to individual student skill level and learning style
